The Commercial Space Transportation Advisory Committee was created under the Federal Advisory Committee Act (FACA), in accordance with Public Law 92-463. Since its inception, industry-led COMSTAC has provided information, advice, and recommendations to the U.S. Department of Transportation through FAA regarding technology, business, and policy issues relevant to oversight of the U.S. commercial space transportation sector.

II. Proposed Agenda

- A. Review of Taskers Assigned at the Previous Meeting
- B. Assignment of New Taskers to COMSTAC

III. Public Participation

The meeting listed in this notice will be open to the public. The US Department of Transportation is committed to providing equal access to this meeting for all participants. There will be at least thirty minutes allotted for oral comments from members of the public joining a COMSTAC meeting. To accommodate as many speakers as possible, the time for each commenter may be limited. Individuals wishing to reserve speaking time during the meeting must submit a request at the time of registration, as well as the name, address, and organizational affiliation of the proposed speaker. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the FAA Office of Commercial Space Transportation may conduct a lottery to determine the speakers. Speakers are requested to submit a written copy of their prepared remarks for inclusion in the

meeting records and for circulation to COMSTAC members. All prepared remarks submitted on time will be accepted and considered as part of the record. Any member of the public may present a written statement to the committee at any time.
